## DEFEND REPRODUCTIVE FREEDOM

# NO ON MEASURE 106

Every Oregonian must be able to decide whether and when to become a parent—no matter how much money they make or how they are insured.

## TAKING AWAY HEALTH CARE

The anti-abortion extremists behind Measure 106 want to:

- **Reduce access to health care**, particularly for the most vulnerable people who already face significant barriers to receiving high-quality care
- **Take away the full range of reproductive health care that Oregonians need**, starting with preventative care and continuing through postpartum care

## WE MUST FIGHT BACK.

Every Oregonian should have access to the full range of reproductive health care, starting with preventative care and continuing through postpartum care.

Pledge to vote NO on Measure 106, sign up to volunteer, and donate to help defend reproductive freedom by visiting [NoCutsToCare.com](http://NoCutsToCare.com).

# VOTE NO BY NOVEMBER 6, 2018

“This measure sets a dangerous precedent by cherry-picking which medical procedures insurance can and can’t cover.”

# MEASURE 106 IS DANGEROUS AND EXTREME.

When someone is making a decision about whether to end a pregnancy, they should have medically-accurate information and know it will be covered by health insurance, just like any other medical procedure. Oregonians should be able to terminate a pregnancy without pressure or any additional burdens because abortion is healthcare.

Organizations across Oregon urge you to **VOTE NO** on Measure 106.
